3. Question & Answer session
   a. Q: What do each of you bring to the committee?
   b. George: I'm a newer graduate student. I feel like I have a fresh perspective. I’m also very approachable.
   c. Brian: I’m approachable too. I’ve served in the GSC from 2010-2013, so I’ve thought deeply about a lot of these issues.
   d. Q: What’s the biggest thing that you want to change?
   e. Brian: There’s currently ambiguity in the governing documents, which can be good or bad depending on whether the ambiguity is empowering to the current team or confusing. Ambiguity in how votes are counted is an example of an ambiguity that is confusing.
   f. George: Agree that the voting ambiguity is a priority.
   g. Q: Will this be voted on by the General Council?
   h. President: Yes, the amendments have to be adopted by the General Council according to our Constitution.
