GSC Orientation Photo Contest 2014

Are you excited about orientation? Do you like taking pictures? Would you like to see your best moments displayed around MIT? Show others how much fun you had by entering the GSC Orientation Photo Contest for a chance to win great prizes.

Rules:

1) **Who can participate?**
   The Orientation Photo Contest is open to the entire MIT community (anyone with a mit.edu email address can participate).

2) **When does the contest run?**
   Submission can be entered from August 24, 2014 until September 15, 2014. The winners will be announced on the GSC Orientation website (http://gsc.scripts.mit.edu/activities/orientation/2014/), in the GSC Anno newsletter, and will be notified via email.

3) **What are the categories?**
   There are three submission categories you can choose from:
   1) Photos taken with DSLRs or compact, point-and-shoot cameras
   2) Photos taken with mobile devices (cell phones or tablets)
   3) Selfies: taken of yourself at an orientation event
   4) OneMIT Welcome Picnic: taken during the OneMIT Welcome Picnic on Aug 25th, 2014 at North Court. Each photo should contain
      - Students of at least 6 different programs or countries
      - Tim the Beaver and/or the band

4) **What kind of photos are the judges looking for?**
   You don’t need to be a professional photographer to enter. Judges will look for creative pictures that capture memorable moments and tell stories from orientation. Photo editing and post-processing are allowed. All photos should be appropriate for public viewing, and the photos must be the original work of the person submitting them.

5) **How many photos can you submit?**
   You can submit a maximum number of three photographs.

6) **How to submit your photos and in what format?**
   Submissions can be emailed to orient@mit.edu with the subject line: GSC Orientation Photo Contest Entry. Please include your full name and the submission category in the email. Alternatively, photos can be posted on Twitter® or Facebook® with #orientmit. Photos can be submitted in JPEG format with a minimum resolution of 1024 pixels on the longer side, without any watermarks on the image. Please include a 1-to-2-sentence description of the photo and location. To avoid any misunderstanding, and out of simple
respect, if your photo will show a person’s face, we strongly suggest you ask permission of the subject first. Incomplete entries will be disqualified from the contest.

7) **What are the prizes?**

A total amount of $500 will be distributed between the winners, selected by a panel of judges.

By submitting a photo, you are granting GSC a license to use and display your photo(s) for any purpose and in any medium, and the right to use your name when giving credit to the photographer.
